## THINKING ABOUT CHILDREN AND PARENTS

IN ORDER TO FACILITATE PROMPT AND EFFECTIVE HELP TO CHILDREN AND YOUTH WE HAVE LAUNCHED, IN COOPERATION WITH OUR COLLEAGUES AT THE SAFETY LINE ASSOCIATION, A NATIONAL CRISIS HOTLINE KNOWN AS THE SAFETY LINE. PSYCHOLOGISTS AND SOCIAL WORKERS WORKING FOR THE TOLL-FREE HOTLINE 24/7 CAN GIVE ADVICE TO THEIR YOUNG CLIENTS IN LIFE-AFFECTING SITUATIONS. WE HAVE LAUNCHED THE CALL HOME LINE FOR CHILD RUNAWAYS AND WE HAVE INTRODUCED THE PARENT LINE. WE HELP RESOLVE CRISIS SITUATIONS EXPERIENCED BY CHILDREN, TEENAGERS AND YOUNG ADULTS.

# 2 / SUMMARY BY ZUZANA BAUDYŠOVÁ, DIRECTOR OF THE OUR CHILD FOUNDATION

**In 2013 you celebrated the 20th anniversary of the foundation of the Our Child Foundation. You are the founder and you have worked for the foundation since it was founded.**

**What can you say about those twenty years?**

These twenty years have been very successful for the Our Child Foundation.

During the first year of existence we founded a

citizen association named Linka bezpečí (Safety Line). It was also our first nationwide project. For ten years I was Chairwoman of the Board of Directors of the Safety Line Association. My role, in cooperation with the team of the foundation, was to secure financial resources for the operation of the entire association, including edification and fundraising campaigns. The edification campaigns addressed the issues of child abuse and support of the rights of children. A guide book entitled *Slabikář dětských práv* (Primer of children's rights) was written, published and distributed to all elementary schools in the Czech Republic. We also managed to renovate our building and relocate the Safety Line to new premises on the attic floor.

**Your main activities include helping handicapped, abused and molested children. How do you cope with the fact that you have to deal with sad things like this on a daily basis?**

One inevitably becomes tougher when one has to communicate on a daily basis, by e-mail, phone or in person, with desperate parents of ill children or parties in never-ending child custody lawsuits. That said I still carry many stories of our clients in my head, trying to find out why a certain sad thing had to happen and how we can find a way out of the vicious circle. What is the best way we can help ill or abused children or children who have become the main reason for nasty legal battles between their parents?

**Whose story did you find most heartbreaking?**

There are really many stories. The most emotional cases which also received substantial media coverage were court proceedings where I acted as the child's guardian ad litem. I remember one girl who could not be raised by her mother and had to be placed in an asylum. I eventually managed to defend the final resolution in the interest of the girl and her mother before the Constitutional Court of the Czech Republic.

**What makes the 20th year of the existence of the foundation exceptional?**

All years of the activities of the foundation were exceptional in a certain way. The first decade was marked by the foundation and development of the Safety Line, commencement of the Parent Line and a hotline for missing children. We also managed to renovate our building and the new attic floor premises for the Safety Line.

The second decade was marked by financial assistance to handicapped children, free legal consultancy services and edification campaigns focused on child abuse prevention. Every year we manage to allocate more than CZK 10 million to at-risk children.

**It is possible to calculate the total sum allocated to abused, molested and handicapped children during this twenty-year period?**

Since the foundation was founded twenty years ago, it has allocated more than CZK 250 million to the Safety Line and to individual handicapped, abused, molested and, increasingly, neglected children. We are able to help them thanks to our generous sponsors who believe in what we do.

**If it wasn't for the Board of Trustees of the foundation and its chairwoman, Ing. Marta Ptáčková, the Supervisory Board and excellent cooperation with the Ernst & Young company and the gratuitous help from kind donors, the foundation would not be able to support thousands of at-risk children.**

**Thank you!**

# 3 / FOREWORD BY KARL BUMBERGER, EXECUTIVE HEAD OF SPAR ČESKÁ OBCHODNÍ SPOLEČNOST S.R.O.

Dear Mrs. Baudyšová,  
dear employees of the  
foundation,

I greatly appreciate your  
efforts over the last  
impressive twenty years  
and I admire you for your  
hard work for the benefit  
at-risk, abused, molested,  
abandoned and  
handicapped children and  
for your efforts to reduce  
the number of these

children as much as possible. Because children are our future.

Allow me to quote German poet and novelist J. W. Goethe:  
*"Children should get two things from their parents: roots and  
wings. The roots lead to the past and the wings give the  
children freedom allowing responsible future."*

Whenever a child cannot grow up in real-life environment, they  
also lack motivation that keeps them going forward. Motivation  
stems from examples, feedback, encouragement and interest  
expressed by adults with permanent ties to the child. Children  
need these ties to know that their future is important for someone  
who is willing to share it. Someone who protects the child's  
interests and fulfils their basic needs. Of course, not everyone  
has the same conditions and opportunities in life.

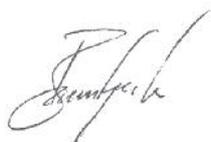

I admire you and your efforts for one very simple reason: you  
give children the guidance, island of hope and security in a  
confusing world; you serve as the children's springboard and the  
"special someone" that every child needs.

Childhood is fragile and frail, which is why our decision  
regarding the cooperation with the Our Child Foundation within  
the framework of our philanthropic projects was established with  
regard to our company's social responsibility.

I would like to thank our customers who have helped us with this financial support of the foundation's public benefit project.

Knowing that the activities of the foundation would not be possible without thousands of supporters, benefactors, sponsors and child protectors, I would also like to thank all of them and express my appreciation of their solidarity and support of these sensitive issues.

Let us all keep our eyes open!

# 4 / THANK YOU FROM ALŽBĚTA AND HER STORY

Dear employees and friends of the Our Child Foundation,

In my life I have had my share of good and bad situations. However, I have rarely had the opportunity to meet people who would be so nice and exceptional as the employees of the Our Child Foundation and other people the foundation cooperates with. My experience with the foundation has changed my life, and the life of my family, forever. This is what makes the activities of the Our Child Foundation unique and at the best place imaginable.

I can tell today that a few years ago myself and my siblings were in a situation where we really needed help. Not just material, but especially emotional. Back then I was at a crossroads and I was about to make a very tough decision. The Our Child Foundation was the devoted and gratuitous mentor that I needed so much. It remained by my side for several years. Thanks to Mrs. Baudyšová and her soulmates me and my siblings are where we are. I am about to finish my university studies, my sister has just started and our brother is a high school student. In addition to the opportunity to study, the foundation has given me something else, something equally important: huge push forward and realisation thanks to huge inspiration which I was given.

I have moved forward in my life, I have celebrated several successes and failures and found my way. I am trying to be helpful and give back what I gratuitously have been given in my life. I helped orphans in the streets of Hanoi, I worked in a school for mentally disadvantaged children in Asia and I currently work with socially disadvantaged people in Prague. The Our Child Foundation has helped me a lot along the way. I will always be grateful to its people. The foundation is the real home with open arms for those who deserve its help. I would like to thank it so much.

**Alžběta Smith Kiganda**

### Alžběta's story

Alžběta contacted the foundation several years ago, while she was in a serious, life-affecting situation. When she was seventeen, her mother died of cancer. Even though the kids were still small and attended elementary school, their mentally ill father showed no interest in them. Alžběta had to deal with many problems associated with housing and money. She approached the foundation with a request that she be granted custody of her siblings. The foundation helped her during negotiations with authorities, testified in her favour and supported her efforts and ability to take care of her siblings. It also helped the children resolve their problems with housing by paying the outstanding rent debt. Therefore, Alžběta could focus on her studies and, work and take care of her siblings. We are very happy we could support her, not just financially and legally but also emotionally.

## PROFILE OF THE OUR CHILD FOUNDATION 1993–2013

The Our Child Foundation has been helping abused, molested, handicapped and otherwise at-risk children for more than twenty years. The founder and current director of the foundation is Mrs. Zuzana Baudyšová. Zuzana Baudyšová founded the foundation on 1 October 1993 and has since served as its director, helping children in life-affecting situations. Among the first projects of the foundation was the Safety Line. In April 2001 the Parent Line was founded followed by the foundation, in September 2003, of the Call Home Line for missing children and child runaways. The Safety Line had its 5,000,000th child caller in 2003. The foundation transferred the aforementioned lines to the Safety Line Association in 2004.

The foundation allocates, via grant proceedings and evaluation of individual applications, financial resources to children's homes and day-care centres which take care of handicapped and abandoned children.

As of 2005 it provides free-of-charge legal advice via its Legal Aid Line. Family law and protection of children are the most common topics of legal advice provided by the lawyers working for the Legal Aid Line.

In addition, the foundation is concerned with edification activities in the area of child molestation and abuse and post-divorce child custody disputes. The foundation's nationwide edification campaigns included "The Red Noses", "STOP Child Abuse", "Let's Red Card Child Abuse" or marches through the streets of Prague and Cheb for the support of abused children. A guide book entitled *Slabikář dětských práv* (Primer of children's rights) was written, published and distributed to all elementary schools in the Czech Republic in 2001.

As of 2010 the foundation offers educational seminars for the general public under the name Positive Parenting. The aim of the Positive Parenting campaign is to prevent, as much as possible, divorce in families with children and the subsequent post-divorce child custody lawsuits. In the past the foundation organised special seminars aimed at the encouragement of amicable resolution of conflicts between parents in the best interest of their children and their mental health. These seminars are still very popular and the foundation will continue to offer them in 2014.

Every year since 2005 the Our Child Foundation awards the Golden Heart Award to significant child protectors. The award is dedicated to the founder of child psychology, Professor Zdeněk Matějček. It has so far been awarded to JUDr. Pavel Varvařovský, public defender of rights, PhDr. Zora Dušková, director of the Crisis centre for children, Ludvík Hess, founder of the "babybox" project in the Czech Republic, JUDr. Marie Vodičková, chairwoman of the Fund for Children In Need, psychologist PhDr. Jiřina Prekopová or Zdeněk Miler, illustrator and author of the famous cartoon character "The Mole" (Krtček). In 2013 the award was bestowed upon the team of the Burn Center of the Královské Vinohrady University Hospital lead by MUDr. Lubomír Brož and Mrs. Miroslava Němcová (ODS), Member of the Chamber of Deputies of the Parliament of the Czech Republic, for her long-term support of the Our Child Foundation and protection of children in the Czech Republic.

Representation of the foundation and the Czech Republic at international conferences of child protectors is also a key activity of the foundation. The director of the foundation actively participates in meetings where she defends the interests of children.

### DĚTSKÝ ÚSMĚV (A CHILD'S SMILE)

In 2013 the Our Child Foundation, in cooperation with the ROSSMANN company, once again helped children with burn injuries thanks to financial resources collected during the year 2012 within the framework of the charity campaign A Child's Smile. Customers of ROSSMANN stores had one week to purchase products bearing the sticker of the campaign and the ROSSMANN company donated the entire sum of the proceeds to the Our Child Foundation. The money helped three selected hospitals in the Czech Republic.

For example, the financial resources were used to renovate the urgent care unit of the Burn Center of the Královské Vinohrady University Hospital. The urgent care unit is now more comfortable and children feel much better there. The renovation was made possible thanks to the ROSSMANN company's donation of CZK 888,000.

- \* Between 2009–2012 a charity campaign named A Child's Smile organised by the ROSSMANN company earned CZK 25,476,025 for projects offered by the Our Child Foundation.
- \* The Brno University Hospital received CZK 600,000 for the purchase of Versajet 2 – special device for selective treatment of skin wounds – and rehabilitation devices.
- \* A laparoscope purchased by the Thomayer Hospital in Prague in 2012 enables laparoscopic surgery in children and even newborns.

During the last five years the charity project entitled A Child's Smile generated the amount of CZK 25,476,025 which was used for projects aimed at helping children. These financial resources were used to purchase a special laser for eye surgeries in premature newborns, 20 sets for resuscitation of newborns, mobile incubator, ventilator and heating bed for newborns in critical condition, device for skin transplantations in burn victims, renovation of the urgent care unit of the burn centre of the Královské Vinohrady University Hospital or laparoscope for the trauma centre for children in the Thomayer Hospital. In addition, we managed to train 14 assistance dogs for handicapped children.

**A big thank you to the ROSSMANN company, its employees, suppliers and customers who are behind the major success of this large charity project.**

**The ROSSMANN company is the general sponsor of the Our Child Foundation.**

## SAFER INTERNET FOR CHILDREN

Edification activities in the area of child protection is very important. The foundation is concerned with the improvement of Internet safety for children and with topics concerning abused, molested, neglected and missing children. In 2013 representatives of the foundations gave speeches at several national and international conferences on the protection of children on the Internet. This area is one of the foundation's long-term priorities in terms of its edification activities. Children are still very naive and their parents tend to underestimate the risks associated with the Internet.

## FOUNDATION AND MASS MEDIA

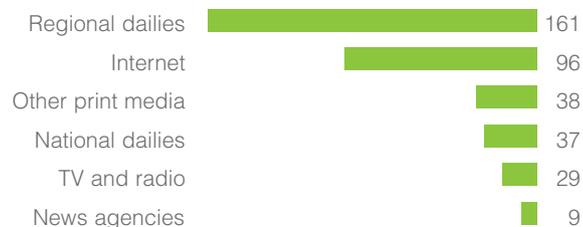

Cooperation with mass media is a key aspect of the activities of the foundation, as it is a good way to promote the issue of abused, molested, handicapped and missing children among the general public. Throughout the year, director of the Our Child Foundation and her deputies were quoted or commented, on a number of occasions, on current issues regarding the protection of children and violation of their rights. They gave public speeches or interviews to print and Internet media and attended international conferences where they gave speeches and represented the Czech Republic.

During the year 2013 the Our Child Foundation was mentioned in 370 articles or news pieces; most commonly in regional dailies (44%), on Internet servers (26%), other media outlets (10%), national dailies (10%), TV and radio (8%) and news agencies (2%).

The articles and news pieces covered various topics; the most common ones included abused and molested children and the increasing number of post-divorce child dispute lawsuits, both on the national and international level.

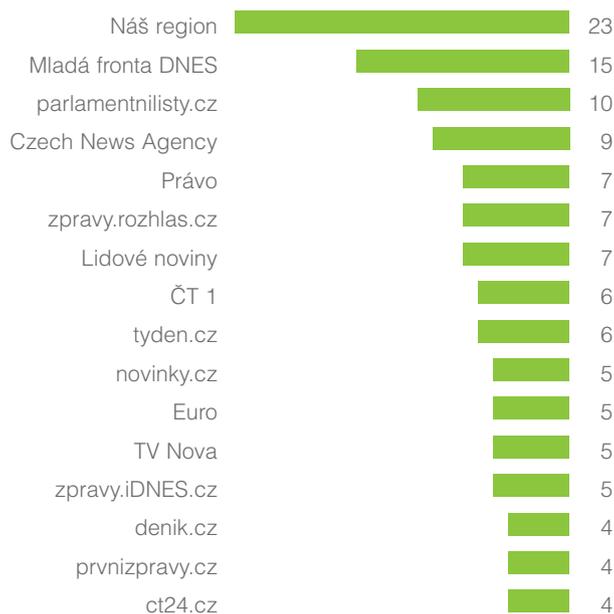

In addition, charity projects of the Our Child Foundation and its partners were frequently mentioned.

## INTERNATIONAL ACTIVITIES

### International conference in Madrid

Representatives of the foundation Zuzana Baudyšová and Markéta Sodomková attended, on 20–21 November 2013, the second meeting of the members of the international alliance eNACSO which was held in Madrid. The participants discussed the protection of children on the Internet. The meeting's key topic

included the objectification of women in advertising and the risks associated with this phenomenon. Director of the foundation Zuzana Baudyšová gave a speech on safer Internet and spoke about the experience of the Our Child Foundation with this issue.

The eNACSO (The European NGO Alliance for Child Safety Online) organisation was founded in 2008. Its aim was to increase child safety with respect to the use of the Internet, mobile phones and modern online technologies.

### Missing Children Europe

Director of the foundation continued to work in the Board of Directors of the European Federation for Missing and Sexually Exploited Children (Missing Children Europe), an association of 28 non-profit organisations from 19 EU Member States and Switzerland. One of the MCE's key topics for 2013 was the construction of an international mediation centre whose goal would be to reduce the number of post-divorce child custody disputes which often result in international child abduction.

The foundation's efforts included the putting into operation, as soon as practicable, of a special crisis hotline for missing children (116 000) and the promotion of the services of this hotline among the general public. The Czech Republic will join the European network of these 116 000 hotline, in an attempt to promote international cooperation in the search for missing children within the European Union.

## To the Board of Administration of Nadace Naše dítě:

I. We have audited the accompanying financial statements of Nadace Naše dítě, which comprise the balance sheet as at 31 December 2013, and the income statement, for the year then ended, and a summary of significant accounting policies and other explanatory information. For details of Nadace Naše dítě see Note 1 to the financial statements.

### **Board of Administration's Responsibility for the Financial Statements**

The Board of Administration is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the Czech Republic, and for such internal control as the board of administration determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Act on Auditors and International Standards on Auditing as amended by implementation guidance of the Chamber of Auditors of the Czech Republic. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including an assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

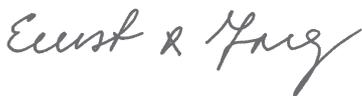

## Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Nadace Naše dítě as at December 31, 2013, and its financial performance for the year then ended in accordance with accounting principles generally accepted in the Czech Republic.

- II. We have also audited the consistency of the annual report with the financial statements described above. The management of Nadace Naše dítě is responsible for the accuracy of the annual report. Our responsibility is to express, based on our audit, an opinion on the consistency of the annual report with the financial statements.

We conducted our audit in accordance with International Standards on Auditing and the related implementation guidance issued by the Chamber of Auditors of the Czech Republic. Those standards require that we plan and perform the audit to obtain reasonable assurance as to whether the information presented in the annual report that describes the facts reflected in the financial statements is consistent, in all material respects, with the financial statements. We have checked that the accounting information presented in the annual report is consistent with that contained in the audited financial statements as at 31 December 2013. Our work as auditors was confined to checking the annual report with the aforementioned scope and did not include a review of any information other than that drawn from the audited accounting records of the Company. We believe that our audit provides a reasonable basis for our opinion.

Based on our audit, the accounting information presented in the annual report is consistent, in all material respects, with the financial statements described above.

The depreciation of tangible assets and the amortization of intangible fixed assets are calculated based on the acquisition cost and the estimated useful life of the related assets. The useful economic lives are as follows:

Computer technology	3
Passenger cars	5

- Short-term financial assets consist of cash on hand and in bank.
- Receivables and liabilities are recorded at their nominal values.

In addition, the Foundation creates special-purpose funds for predetermined purposes in connection with the Foundation's activities set out in its statutes.

- Foreign Currency Transactions

Since 2012, assets and liabilities whose acquisition or production costs were denominated in foreign currencies are translated into Czech crowns at the exchange rate prevailing as at the transaction date.

On the balance sheet date, monetary items are adjusted to the exchange rates published by the Czech National Bank as at 31 December.

- Unrealized exchange rate gains and losses arising from translation of receivables and payables denominated in foreign currencies using the year-end exchange rate are accounted for in the balance sheet, at temporary accounts of assets and liabilities.
- Realized exchange rate gains and losses were charged or credited, as appropriate, to income for the year.
- Revenues and expenses are recognized on an accrual basis; that is, they are recognized in the periods in which the actual flow of the related goods or services occurs, regardless of when the related monetary flow arises.
- Gifts Received and Provided  
Received and provided financial gifts and contributions (including proceeds from collection accounts and their use) are accounted through the balance sheet, via funds using separate sub-ledger accounts. At the year-end, the adequate portion of the funds determined for covering project costs and Foundation's operations is transferred to income.

Non-cash gifts received in the form of a service are credited and simultaneously charged to income in the value stipulated in the respective contracts.

- Income Tax

The corporate income tax expense is calculated based on the statutory tax rate and book income from primary and economic activities before taxes, increased or decreased by the tax non-deductible costs, revenues not subject to income taxes and revenues exempt from income taxes, using the tax relief for the taxpayers not founded or established for the purpose of carrying out business.

# 14 / GRANT RULES

## **The Our Child Foundation grant rules for awarding foundation contributions from the income of the Foundation Investment Fund in 2014**

The purpose of the Our Child Foundation (hereinafter “the Foundation”) is to support humanitarian projects which help create an effective system of child protection in the Czech Republic and ensure the protection of human rights in accordance with the Convention on the Rights of the Child. Humanitarian projects are supported by the provision of grants (foundation contributions) for programmes that serve to achieve the foundation’s objectives. In addition, the Foundation seeks to provide direct help to children who find themselves in extremely difficult, life-affecting situations.

### **Conditions for awarding grants:**

1. The aim of the project must be to protect children in the Czech Republic and/or it must be a project directly related to child protection, especially children who find themselves in difficult, life-affecting situations (children that are physically and sexually abused, mentally or physically disabled). Furthermore, the project must be aimed at preventing violence against children, including commercial sexual exploitation (e.g. child pornography, child prostitution, child trafficking), preventing negative phenomena in relation to children and young people and at implementing the Convention on the Rights of the Child into practice.
2. The applicant for a grant (Foundation contribution) must be a one of the following types of legal entity active in the area of child protection and children’s rights: legal entities not founded for the purpose of commercial activity, i.e. civic associations (o.s.), church-operated legal entities (c.p.o.) (providing social, health, educational and cultural services) or public benefit companies (o.p.s.). Exception to the list are legal entities where decision-making processes or general operation is done (be it actually or legally) directly or indirectly by members of the Board of Trustees of the Our Child Foundation, or members of its Supervisory Board, or employees of the foundation and their family members. Non-profit or subsidized organisations are also excluded.
3. Projects must be implemented in one year (twelve consecutive months), including the drawing up of the relevant budget.
4. Along with the application, the applicant must submit an original or certified copy of the certificate of registration (i.e. in the case of a civic association – a certificate of entry in the Register of Civic Associations issued by the Ministry of the Interior; in the case of a public benefit company – a certificate of incorporation in the Commercial Register issued by the competent regional court; in the case of a church-operated organisation – an extract from the register kept by the Ministry of Culture) or certified copy of registration of the organisation by the Czech Statistical Office. The certificate of registration must not be older than three months, i.e. the issuing body has issued the certificate in a period of less than three months before the submission of the grant application.

6. In addition, the applicant must fill in an affidavit stating that members of the Board of Trustees of the Our Child Foundation or members of the Supervisory Board, employees and relatives of the aforementioned persons cannot influence, directly or indirectly, the decision-making processes or activities (factually or legally) of the organisation. ## **Practitioner's Responsibility**

Our responsibility is to express a conclusion about the usage of Foundation Investment Fund as of 31 December 2013 based on our audit. We performed our assurance engagement in accordance with the International Standard on Assurance Engagements (ISAE) 3000. Those standards require that we comply with ethical requirements and plan and perform the assurance engagement to obtain reasonable assurance that the company meets the requirements contained in the Contracts and therefore our procedures included examining evidence based on samples as to whether the usage of the Foundation Investment Fund was incurred for the purposes specified in the Contracts, and whether separate accounting records were properly maintained in accordance with accounting principles generally accepted in the Czech Republic. Our audit procedures were limited to the disbursement of funds by the Foundation Investment fund to recipients and did not extend to the usage of those funds by the recipients for its intended purposes.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.
